Jayesh Kushwaha

Full Stack Developer

+91-8358886697 jayeshkushwaha25@gmail.com linkedin.com/in/jayesh-kushwaha-89b866289/

Summary

Full Stack Developer with hands-on experience in building responsive web applications using HTML, CSS, JavaScript, React.js, Node.js, Express.js, Python, and MySQL. Skilled in frontend and backend development, REST APIs, database management, Git, and GitHub. Strong problem-solving and debugging abilities with practical project experience. Seeking opportunities to develop scalable applications and contribute to innovative software solutions.

Skills

Programming Languages: JavaScript, Python
Frontend Development: HTML5, CSS3, React.js
Backend Development: Node.js, Express.js, REST APIs
Database: MySQL

Experience

Full Stack Intern **April 2025 – June 2025**
Full Stack Developer (Remote) *HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB*

- Developed and maintained responsive web applications using React.js, JavaScript, HTML, and CSS, focusing on reusable components and user-friendly interfaces.
- Built a Bug Tracking System that enabled users to add, edit, delete, assign, and track bugs based on priority and status, improving issue management and workflow visibility.
- Implemented RESTful APIs using Node.js and Express.js and integrated MongoDB for storing and managing application data.

Projects

AI-Powered Job Portal | *React.js, Node.js, Express.js, MongoDB* **March 2025 – April 2025**

- Developed a full-stack job portal enabling users to create profiles, search and filter job opportunities, and manage job applications through a responsive interface.
- Implemented secure user authentication and role-based access for job seekers and recruiters using REST APIs and backend validation.
- Designed MongoDB schemas for users, job postings, applications, and profiles, supporting efficient data management across the application.

E-Commerce Platform | *React.js, Node.js, Express.js, MongoDB* **February 2025 – March 2025**

- Built a full-stack e-commerce platform with product browsing, category filtering, shopping cart, user authentication, and order management functionality.
- Developed reusable React components and responsive pages for product listings, product details, cart, checkout, and user profiles.
- Created RESTful APIs using Node.js and Express.js for product, user, cart, and order operations.

Certifications

- **Introduction to Front-End Development – Coursera (2026):** Applied foundational web development tools and modern UI architecture principles.
- **MySQL – Coursera (2026):** Hands-on experience in SQL querying, database management, and data analysis for business solutions.
- **AWS Services – Coursera (2026):** Built a Power BI dashboard analyzing academic performance across 6 departments over 3 years.

Education

B.Tech C.S.E (Data Analytics) **2023 – 2027**
Sage University, Bhopal *CGPA: 8.93 / 10*
